Have a young child? Enroll them in Head Start - Now in

Leslie

The Head Start Program has come to Leslie. Little Rainbows Preschool has partnered with the Head Start Program to offer free preschool for those who meet the program guidelines. Children 2 ½ years old (3 by December 1st) through 4 years old are eligible. Five year olds not attending kindergarten may participate. The hours your child attends the Head Start Program are FREE. The placements available are for children who need 15 hours of childcare, at Little Rainbows after preschool hours. If you are interested in learning if you qualify to participate in this program contact Little Rainbows at 517-589-8024 or ali_trapp@excite.com. You can also contact the local Head Start office at 1-800-585-9997. Spaces are limited! We ask that you spread the word, because funding for the program is provided by the Federal Government to the Leslie Area. These positions need to be filled to keep federal head start funding in Leslie.

Head Start was created in 1965 and is the longest-running national school readiness program in the United States. It provides comprehensive education, health, nutrition, and parent involvement services to low-income children and their families. Nearly 25 million pre-school aged children have enrolled in Head Start.
